NEW BLUE

Standing Up For You

Jim & Belinda Karahalios
New Blue Party of Ontario Co-Founders

**ON FEBRUARY 27,
VOTE NEW BLUE!**

Because the PC Party isn't blue and they aren't for you.

THE NEW BLUEPRINT

The New Blue Party is Ontario's fifth largest political party, behind the establishment PCs, Liberals, NDP, and Greens. In its first election in 2022, the New Blue gained more votes, and a greater share of the vote, than any other political party in Ontario has in its first election since the 1930s!

The New Blue Party of Ontario was formed to offer the solutions necessary to ensure our province's future is one of hope, opportunity, and prosperity, including fighting to:

Renew accountability and promote meritocracy

by stopping “woke” activism starting by eliminating critical race theory, gender identity theory, and all DEI (Diversity, Equity, and Inclusion) initiatives from government (including in healthcare and education); and

Provide tax relief and grow Ontario's economy

by cutting the HST from 13% to 10%, axing the Doug Ford carbon tax, taking down wind turbines to reduce electricity prices, and cancelling all electrical vehicle subsidies.

The Ford PCs and their left-wing ideologues and lobbyists are determined to leave Ontario “woke” and broke, just like their predecessors.

The New Blueprint will move us forward - the right way forward - with strength, stability, liberty, and good government. It's time to stand on principle and stand up for you, with the New Blue!

Visit NewBlueOntario.com/declaration for a complete list of the New Blue Party's grassroots policies, as proposed and voted on by New Blue Party members.
