

RESTORE PUBLIC TRUST

I've seen firsthand how Council decisions affect communities across Tiny. I understand how municipal government operates and how to make it function better. I WILL;

- ◆ Pursue common goals instead of divisive policies
 - ◆ Increase transparency with Town Hall meetings every four months
 - ◆ Add accountability via new committees (Finance, Environmental Stewardship)
 - ◆ Improve financial reporting for better decision-making
 - ◆ Review all public assets — possible repurposing & sale
 - ◆ Review all by-laws — possible amendments & repeal
 - ◆ Preserve and enhance our beaches and community parks
 - ◆ Resolve the 200-year Goessman lots' dispute through public engagement
 - ◆ Resolve flooding issues throughout the municipality
 - ◆ Serve ALL residents' needs - including youth, seniors and young families
 - ◆ As Mayor, advocate on County Council for affordable housing, infrastructure funding, and rural economic development
-

With the cost of the new administration building near **\$30 million** and debt repayment near **\$24 million**, we are mortgaging our children's future for the excessive spending of the present administration. This conflicts with traditional civic values of Tiny. These funds could have addressed other priorities, such as the current infrastructure deficit of \$80 million dollars for the next twenty years.

I'm seeking re-election - this time as Mayor - to ensure our future is one of
